

Let's change the world with Design!

We will hold a competition for students that strives to fulfill the SDGs through the power of design.

SDGs Design International Awards 2023

The SDGs International Awards will once again be held this year to foster outstanding student designs that propose innovative solutions for the world. Students from all corners of the globe are warmly welcomed to submit their creative ideas for impactful human solutions! Together we can make a difference in the world! We look forward to receiving applications from individuals who are challenging themselves to solve social issues!

Application Period: July 1, 2023, to October 15, 2023

Japan Award Ceremony: November 11, 2023

International Award Ceremony Location Korea: December 2023 (final date to be announced)

THEMES

Let's Create a "Sustainable Future Design for Children" Kyushu University presents "Sustainable Future Design for Children" proposals from all over the world!

Theme

1 Let's create "Sustainable Future Design for Children!"

Children are the bearers of the future!
Design for children will impact the years to come.

We are soliciting ideas that include the following keywords:

3 GOOD HEALTH AND WELL-BEING	Children and Medical Care Medical care, insurance, and social service systems
4 QUALITY EDUCATION	Children and education Educational system, environment, tools, playgrounds, toys, etc...
5 GENDER EQUALITY	Children and Diverse Families Support for single-parent households, diverse families, etc...
10 REDUCED INEQUALITIES	Children and Culture Support for foreign children, cultural exchange, etc...
11 SUSTAINABLE CITIES AND COMMUNITIES	Children and Natural Disasters Support during natural disasters, prevention methods, etc...
16 PEACE, JUSTICE AND STRONG INSTITUTIONS	Bully-free and violence-free society Actions to prevent domestic violence, bullying, etc...

Theme

2 Let's create "Sustainable Future Design for Children!" with companies!

Solving social issues cannot be achieved by one person alone; cooperation with companies and the local community is also necessary. What can companies do to support raising children? We are looking for ideas for events, tools, apps, systems, facility designs that address this issue.

1. KM Biologics Award

Now ideas for wellness
